Key facts	<p>Clausthal University of Technology was founded in 1775 and is an internationally renowned institution with a long, outstanding history in ingenuity and determination.</p> <p>Internationality has always been very important at TU Clausthal. We are presently working in cooperation with approximately 150 universities and research facilities worldwide. More than 30% of the students and 20% of the academic staff come from abroad, making the campus very international.</p> <p>Clausthal-Zellerfeld is a small university town, located in the center of Germany, in Lower Saxony. The town is nestled in the scenic Harz Mountain National Park. It is a safe, friendly town that welcomes visitors from every corner of the world.</p> <p>In cooperation with the University's administration and institutes, the International Center Clausthal (IZC) coordinates the international relations and activities of TU Clausthal. The IZC is the central service point for international and German students as well as for University staff and faculty.</p>

Academic calendar	<p>The Academic Year at Clausthal University of Technology is divided into two semesters:</p> <ul style="list-style-type: none"> - First semester (winter semester): October to March - Second semester (summer semester): April to September. <p>For further details please refer to this webpage: https://www.studienzentrum.tu-clausthal.de/allgemeine-informationen/semestertermine/</p>												
Academic Load	Students are expected to take the normal academic load of 30 credits per semester.												
Examinations and assessments	<p>When selecting courses, students must pay attention to the method of assessment. Most of the courses are assessed continuously throughout the semester in which the course is offered. Students must be aware that attendance to the lectures and laboratories is relevant part of the assessment, and is thus an important factor to think about when choosing modules.</p>												
Looking for courses	<p>Students may have to submit their application based on the previous year's catalogue and it may not be possible to guarantee that all modules shown for the previous year will be running in their current year of study.</p> <p>You will find a list of the courses available here: https://gisweb.hispro.de/tuc/rds?state=wtree&search=1&menuid=lectureindex&menu_open=y</p> <p>You can also search for the language of instruction: https://gisweb.hispro.de/tuc/rds?state=change&type=5&moduleParameter=veranstaltungSearch&nextdir=change&next=search.vm&subdir=veranstaltung&form=display&function=search&clean=y&category=veranstaltung.search&navigationPosition=lectures%2Csearch&breadcrumb=searchLectures&topitem=lectures&subitem=search</p>
