

WORK OFFERED

REF. No ET/24/3

Employer informationEmployer: The General Petroleum Co., 8, Dr. Mostafa
Abu Zahra St., Nasr City, CairoWorking place: Cairo (Red Sea)
Nearest international airport: Cairo
Nearest public transport: Cairo

Business or products: Production of Crude Oil

Official responsible: Mr. Mohamed Bader-Eldin

Number of employees:
Working hours per week: 40
Daily working hours: 8**Student required**

Faculty: Engineering

Language required for training: English
(1=excellent, 2=good, 3=fair)

Specialization: Petroleum Eng., Geology, Geophysics

Study level: beginning:
middle:
end:

(if necessary, use other requirements to be more specific)

Previous training required: Preferable

Other requirements:

Work offered:

Kind of work:

Office work in Cairo offices, field work in the
Fields ar Ras Gharab (Red Sea) according to
Student's study field and interests relevant to the
Company's activities in the production or petroleum crude.

Categories:

Scientific (S):
Professional (p):

Mr. Mohamed Bader-Eldin
The General Petroleum Co.
8 Dr. Mostafa Abu Zahra St.

March 17, 2008

Dear Mr. Mohamed Bader-Eldin:

I am graduating in May 2009 with a bachelor degree in Petroleum and Natural Gas Engineering department from Istanbul Technical University (ITU), Istanbul. I am interested in the position you have offered for the practical training in "The General Petroleum Company". Being an active member of SPE I-TECH and board member of IAESTE, I believe that the qualifications you expected for the offered position match with my educational and practical experiences, and also my background and experience will help me be an asset to your company in the internship time.

I did my first practical training in Binagadi Oil Company (BOC / Baku, Azerbaijan). In BOC I learned how to model the reservoir in "EXODUS Reservoir Simulator" program; in addition I attended to Workover operations on artificial lifts. During this internship I had a great opportunity to apply my theoretical knowledge and skills to real oil fields. I wrote a code for this company which is doing interpolation in a huge amount of PVT data and calculating desired corresponding value out of it. During my university life I have used ECRIN for well pressure analysis, and also make my first 1-D well simulator for homogeneous and heterogeneous reservoirs. My mathematical skills are excellent and I am very conscientious about meeting deadlines and completing tasks unsupervised. After transferring my university from Azerbaijan to Turkey I get new friends and this tend me to develop my human relations, also starting with IEASTE board member I developed my strong international relationships.

Some of my skills and knowledge include:

- ✓ High Quality Computer Skills
- ✓ Ability to work effectively as part of a team
- ✓ Interpersonal communication skills
- ✓ Strong public speaking skills
- ✓ Hard working

I am very interested in becoming a part of this summer internship program, after reading on internet about your company with 50years of experience and playing the main role in Egypt petroleum sector especially in Oil exploration, production, transportation. Also I hope to learn Egyptian Culture, tradition and visit the historical places of Egypt. I have enclosed my resume to provide a summary of my background and experience for your review. Thank you for your interesting and for your consideration.

Sincerely,
Huseyn Ismayilov

Profile

Objective I am seeking an internship position within the Reservoir Engineering department at the world's leading petroleum company where I can combine my technical training, communication skills and leadership abilities in a analyzing or project management position, possibly with an international perspective .

Availability From June, 2008

Key Skills

Proficient or familiar with a vast array of programming languages, concepts and technologies, including:

- Petroleum Related Skills**
- ✓ Rock Properties characterization
 - ✓ Fluid Properties characterization
 - ✓ Drilling Engineering I
 - ✓ Reservoir Engineering I
 - ✓ Reservoir Engineering II
 - ✓ Simulation of Geosystems
- Computer Related Skills**
- ✓ EXODUS - Reservoir Simulator (medium).
 - ✓ Microsoft Office 2007.
 - ✓ .Net Framework (C#).
 - ✓ C and Turbo Pascal programming languages.
 - ✓ Grapher and Surfer (Golden Software).

Education

- 2003 to present** **Bachelor in Petroleum and Natural Gas Engineering**
ISTANBUL TECHNICAL UNIVERSITY, Faculty Of Mines, Istanbul / Turkey
- 2002 to 2003** **Bachelor in Petroleum and Natural Gas Engineering**
AZERBAIJAN STATE OIL ACADEMY, Faculty Of Mines, Baku / Azerbaijan
- 1997 to 2002** **High school - "With Golden Diploma"**
MINGECHEVIR PRIVATE TURKISH HIGH SCHOOL, Mingechevir / Azerbaijan

Work Experience

- BINAGADI OIL COMPANY, Azerbaijan** **Internship**
Internship July to August 2007
- ✓ Internship in reservoir engineering department.
- MINGECHEVIR PRIVATE TURKISH HIGH SCHOOL , Azerbaijan** **Part-time job**
Teaching assistant 2000 to 2002
- ✓ Teaching assistant for two years in Mingechevir Private Turkish High School's computer laboratories.

Scholarships And Financial Support

- Scholarships**
- ✓ Turkey President foundation during all academic years
 - ✓ Istanbul Metropolitan Municipality foundation 2003-2007
 - ✓ Sariyer Municipality foundation 2005-2006
 - ✓ ITU Foundation Scholarship, 2003-2004

Activities and Interests

- Student Chapters**
- ✓ IAESTE-ITU(1) board member 2006- present
 - ✓ JUMP 2007 Organization board member.
 - ✓ SPE (2) member. 2005-present
 - ✓ SPE I-TECH member. 2005-present
 - ✓ SPE I-TECH Web Team Head (www.speitech.org) 2005-2006
 - ✓ Hip-Hop R&D Dance Club, 2005-2006

(1)International Association for the Exchange Students for Technical Experience
(2)Society of petroleum Engineers

- Seminars**
- ✓ 16th Istanbul Technical University Petroleum seminars.
 - ✓ SPE I-TECH seminars.
 - ✓ IAESTE motivation seminar series.
 - ✓ JUMP seminars

- Internet**
- ✓ Personal Web Page project: www.huseyn.net (under construction)
 - ✓ Founder of www.iaeste-itu.com

- Courses**
- ✓ Programming course at Department of Computer Engineering of Baku State University (3 months)
 - ✓ Photoshop training course in Baku (4 months)
